*At Palestine Regional Medical Center, we're proud to be a vital part of the communities we serve in the East Texas region, and we are privileged that our neighbors choose to come to us for compassionate, quality care that's close to home.*

**—Roy Finch, CEO**

## Palestine Regional Medical Center's

mission is Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are creating a legacy of care for our neighbors today and for generations to come. Here are just a few ways we made Anderson County and the surrounding region healthier in 2017.

### Delivering high quality patient care and supporting our physicians

The most important contribution we make to our community is providing high quality care close to home. Quality and service are at the center of how we care for our patients, and we continually invest in our facility to ensure we can meet the healthcare needs of our community. In 2017, we made **\$1,548,717 in capital improvements**, including new hospital beds, a new EKG machine, an expansion and improvements to our Behavioral Health Center and other facility upgrades and repairs.

Inviting the best physicians into our community and supporting them also is a key driver of our efforts to ensure access to high quality care and service. During the past year, Palestine added **40 providers** in psychiatry; emergency, hospital and general medicines; obstetrics and gynecology; pediatrics; radiology; pathology; cardiology; and gastroenterology.

### Creating excellent workplaces for our employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our **495 employees** can effectively use their skills in providing high quality care and service; and we managed and distributed an **annual payroll of \$34,494,433**.

### Taking a leadership role in the community

We are proud to be a leader in our region. Supporting local organizations and delivering healthcare to all of our neighbors, regardless of their ability to pay, are foundational to our commitment to the overall well-being of our community. In addition to numerous sponsorships and charitable gifts, we delivered more than **\$4.45 million in charity care to those in need**.

### Being fiscally responsible

Our commitment to ensuring fiscal responsibility extends both to our hospital and to the community. In 2017, we paid a total of **\$1,375,756 in taxes**.

**Thank you for your continued support as we continue to make our community healthier in 2018 and beyond.**
